There is not a lot to tell you this week and in the current climate that is likely to be the case for the foreseeable future, so please forgive us if we don't send a newsletter every week for the time being. We will still send news out as and when and will make sure that you are aware of anything important cropping up or changes to the way things are organised. Just know that things are going really well particularly so considering the difficult circumstances that school, children and families are working under. Well done everyone.

For this week, we need to let you know that the delivery of fruit snacks has been suspended for the time being, so, please send in your child with their own fruit for break time.

There is a new email address for Grasshopper class to use and it is [grasshoppers@northchapelprimary.co.uk](mailto:grasshoppers@northchapelprimary.co.uk)

### LITTLE OAKS

*The children have initiated an animal theme at Little Oaks this week. They have really enjoyed learning about their favourite wild animals and using the iPad to listen to animal noises and find out lots of interesting facts. We have sung and danced to animal songs and created a zoo using blocks, pencils and big paper. We have explored different habitats and have created a wall display based on our Snowy Animals story. It has been a very busy, creative week with lots of fun and learning! Hope you all enjoy your weekend. Sharon*
