Grasshopper's homework grid

In Grasshoppers children are expected to complete 3 task based homework tasks throughout each term. Children are encouraged to do this in order to develop their independent learning.

Look at the options below and choose 3 tasks to complete this term. Once you have completed them, bring them in to class for us to see!

The Cheddar Man	Iron Age Buildings	Book Review
Investigate The Cheddar Man. Write a fact file or booklet about him, focusing on a number of interesting facts you have found out.	Investigate what Iron Age building were like. Explain what they looked like, how they were made and used. This can be through writing or in model form.	Write a book review comparing two books you have read. How were the similar and how were they different? What did you like and dislike about them?
London Tourist Attractions	Palaeolithic, Mesolithic or Neolithic	Science Experiment
Select 3 tourist attractions in London to write about. Give information about what they are like, what you can see there and other interesting facts about them.	Create a quiz about the Stone Age, thinking about the different periods. Make up at least 20 questions and an answer sheet too.	Research and carry out an experiment into light. You can choose your own experiment by researching, then write a brief set of instructions and a conclusion to explain your findings.
Photograph portfolio	PowerPoint	King Charles
Create a portfolio of 5 pictures you have taken yourself, explain why you have taken them, what you like about them and how you would make them even better if you took them again.	Choose a topic you are passionate about, for example a sport, animal, place etc… Create a PowerPoint at least 5 slides long, with accompanying information about your topic. Rehearse this so it can be presented to the rest of the class.	Write a persuasive letter to King Charles with suggestions on how to make the UK a better place to live. Give him some ideas and back them up with your own opinions. Follow the correct format of a letter.
