Relational Behaviour Policy - 2025

At Northchapel, we believe that each person in the school has the right to feel safe, valued, respected and happy and for all children to learn in a calm and supportive environment. Everyone is expected to maintain the highest standards of personal conduct, to accept responsibility for their behaviour and encourage others to do the same. We believe that this will support our children to learn to manage their own behaviour and to be responsible for their own actions.

By forming positive, supportive relationships and by everyone acting as role models in school, we are promoting our Core Behaviour Values of:

- Safe
- Kind
- Ready

And our Core Learning Values of:

- Confidence
- Curiosity
- Collaboration
- Communication
- Creativity
- Commitment
- Craftsmanship

These values are used consistently across the school and the language of our Core Values is used with all children and adults when referring to behaviour. Our values are taught and reinforced through assemblies, our curriculum and PSHE lessons; they help our children understand how to demonstrate these values in different places, in and out of school. Children are praised for demonstrating the core values.

At Northchapel our approach to behaviour is a relational one where we see behaviour as a communication of need. We use the current research in neuroscience and trauma informed approach which shows that positive relationships that promote high levels of care alongside high expectations are essential to children's personal and academic success in school. Our relational approach follows three main steps:

1. Developing Relationships

Our school ethos of kindness and by collaborating as a 'family' underpins all that we do to ensure that school is a place of safety and a positive learning environment for all children. All adults in school invest in building relationships with the children they work with, so that children enjoy their learning and attend school regularly. All children are treated with kindness and valued as individuals. All members of staff in school are expected to model and promote behaviours and further embedding positive relationships. Every interaction between all staff and children will explicitly teach our school expectations, routines and values. We all follow the principles from Paul Dix book (When the adult changes everything changes) of '*visible consistency and visible kindness to allow exceptional relationships and behaviours to flourish*' and that '*praise in public, reprimand in private*' to support the culture of kindness.

Relationships are built through:

- Consistent caring adult behaviour
- Clear high expectations for behaviour and learning
- Consistent routines and practice in all areas in school.

Setting boundaries and celebrating positive behaviour

Good and expected behaviour must be role modelled and promoted by all staff at all times. Around school children should be given regular, specific praise for excellent behaviour. To reward children's positive behaviour, we use:

- Positive emails home
- Golden Tickets home following a nomination in the Golden box
- 'Class Dojo' where children can earn individual Dojo points
- Core Value Certificates for a child who has shown excellence in demonstrating the core values. An adult will explain why that child has been chosen and the child will receive a certificate in Achievement Assembly and taken home to parents, and they will be added to Monday Messenger at the end of term to celebrate.

Consistent routines

Through teaching and promoting the core values, children at Northchapel learn that to achieve well and succeed in school they must work hard, concentrate and persevere when faced with difficult challenges. To do this the climate and ethos in the classroom needs to promote good behaviour for learning. To ensure this is able to happen every day, in every lesson teachers always ensure that the classroom is calm, well organised, resources for lessons are prepared and all classes have established routines that maximise learning time.

To develop the effective use of routines relationships across the whole school we have adopted key routines:

- Meet and greet all children positively when they arrive in the morning
- Hand held up for children to stop
- Turn and talk to your partner signal
- 1,2,3 for moving to tables in silence
- Classes line up in agreed order.

Setting high expectations

In all areas in school, children are reminded to demonstrate the Core Values of SAFE, KIND, READY :

- Work with pride in the classroom so that their learning is always their best
- Talk with kindness to one another and to adults
- Ready to discuss with talk partner and contribute
- Prior to handing their work in they will check it against the success criteria and amend / improve it
- Be motivated to improve their learning using the feedback given
- Trusting an adult to support them when feeling dysregulated
- Using the Calm area to self-regulate emotions so they can continue learning
- Show resilience to solve problems and make things right
- In reflection, use the time to take responsibility to improve their actions towards others
- Play with kindness on the playground, use kind hands and kind feet and kind words

- Collaborate to look after the school environment, use equipment responsibly, taking care with it, putting it back in its correct place after using it - It is the responsibility of all adults in school to model, remind and support children with these expectations.
- During whole class teaching (when on the carpet or at tables), children will always ensure they are looking and facing forwards.

Supporting Inclusion

We recognise that some children have difficulties in self-regulation and managing their own behaviour resulting in disruption to learning or relationships. Our expectations for all children are that they will follow our school-based routines with support, so that they do not impact on the learning of others. After teacher intervention, if children are regularly displaying unacceptable behaviours that impact on the calm, learning environment for all, they will be referred to the school's pastoral team and SENCo and seek support from a member of the Senior Leadership Team. Support may include:

- Time with Olive and Ivy, the school dogs used as PATs
- Behaviour plan with targets
- Sensory/Movement Breaks
- Direct work which may include increased access to outdoor learning
- External referral to specialist support or an Alternative Provision

2. Responding and Calming

All adults to support children to make the right behaviour choices, the language of the values, SAFE, KIND, READY should be used to help the child reflect on and choose their behaviour.

All classes have their own 'Calm area' for children to use to aid self-regulation. Children are taught to use these resources and to understand how this is helping them be ready to learn again. Children are taught breathing techniques, mindfulness and calming strategies.

All adults in school will always respond in a calm and consistent way. In the classroom adults use the "30 second script" to support children in making positive behaviour choices (appendix 1). This sets a high expectation for behaviour along with a positive affirmation that the child can achieve this. Children will always be given time to correct the behaviour after the script is delivered. All children are entitled to a calm and safe place to learn and if a child's behaviour is continually disrupting, they will be asked to leave the classroom as part of the 30 second script with an appropriate adult.

Every classroom should be a calm and positive learning environment and children should feel safe in all parts of the school. If a child continues to not follow instructions to keep themselves or others safe, then parents will be contacted to discuss actions moving forward that are appropriate to the child's circumstances.

Supporting children to regulate emotions

Children with many social, emotional and mental health difficulties will find self-regulating their emotions a challenge; we understand that their behaviours are a way of communication.

'We wouldn't punish children for reflex action, like a leg kicking if the knee is tapped. Nor should we punish pupils for behaving as if their world is not safe; because it may feel unsafe, for them, and that is not a physiological state anyone can be argued out of.' (Bombér 2020)

Children need to feel confident that an adult will support them to do this so that they feel safe (emotionally and physically) and that they will be supported to make choices to put their behaviour right. An adult will have to lend their "thinking brain" by talking out loud with the child using the Emotion Coaching Script (appendix 2). Only when the child has been supported to calm themselves must the consequences of the behaviour be discussed. Adults should make a clear distinction between validating the emotion whilst still highlighting the unacceptable behaviour and alternative positive choices for actions. Adults will respond in a predictable, prompt, kind and assertive manner, we will provide additional support where needed so that all children can meet our expectations.

Individual children

We recognise that some children in some circumstances, may find it difficult to regulate their emotions with the support of an adult. In these situations, their behaviours may be dangerous to themselves and/or others. In these cases, children will need to have an Individual Behaviour Plan and or risk assessment (appendix 3) which identifies triggers, strategies and adults who can support the child. In all classrooms, to promote a positive, calm climate we will use visual timetables.

In the case of an emergency situation, the adult supporting the child must request additional help from any available adult through the use of the red card system, in the first instance this will be to go to the office.

3. Repairing and Restoring

Reflection

All unacceptable behaviours must be dealt with and addressed with the child. A playtime/lunchtime incident should be dealt during playtime/lunchtime rather than interrupting learning time. Adults will ensure that children understand that an incident will be resolved at a given time during reflection time (playtime/lunchtime/end of a lesson) to ensure the child is able to engage in their learning until this time. Adults will use these restorative interactions to help the child resolve the incident or conflict and understand how to repair the harm caused. The level of the behaviour may mean that there needs to be a further reflection time on other days to resolve and repair the incident.

Reflection time aims to:

- Teach children the impact of the behaviours they have shown,
- Support children to take responsibility for their own behaviour,
- Know how to repair the impact of their behaviour,
- Have positive strategies to improve their future behaviour.

Reflection Questions- these are the 5 focus questions for reflection. Tell me... 1. What happened?

2. What were you thinking and feeling- before, during and after?

3. How do you think it has made the other person/ people feel and think?
4. What could you do differently in the future?
5. What should we do to put this right?

Adults reflecting on behaviour

It is essential that all adults in school reflect on the behaviour of the children they are working with and try to identify any underlying causes of areas of poor behaviour. We believe that behaviour is a communication of need or circumstances so adults need to understand how a change to provision or practice for the group or individual could help improve behaviour.

Sanctions

Behaviours not in line with our Core Values

Behaviour that can be effectively managed within a classroom environment by the class teacher. From following the 30 second script children may have lost a few minutes of playtime or lunchtime to complete any learning or to have a short restorative conversation with an adult.

Where the behaviour escalates so that it is not so easily managed in the classroom environment, there may be a need for another teacher from another class to be involved or a member of SLT. The child will receive a reflection (part/whole of lunchtime or all playtime); the class teacher, or SLT member on duty can carry out this reflection time. Parents will be informed of the reflection by the class teacher. If persistent behaviour is disrupting the learning of others it may be decided that the child works out of their classroom for a fixed period of time.

All behaviour incidents and reflections which lead to a loss of playtime/lunchtime must be recorded on Bromcom by the class teacher. This can be done by ticking the correct tab on Bromcom and then just adding a brief summary of the incident and time lost.

High Levels of Behaviour

Serious negative and/or unacceptable behaviour where the child has deliberately chosen to hurt another person (physically or verbally including racist/bullying/homophobic language) or damage to school or others property will involve head teacher or senior teacher.

The child will have a meeting with the head/ senior teacher to discuss what has happened. After investigation, parents will be informed of the school's actions and will be expected to support the school's decision. An appointment will be made for parents, teacher, child and head/senior teacher to discuss the child's future behaviour. Consequences may include:

- Additional reflection sessions
- Loss of extra- curricular activities/ any privileges
- An Individual Behaviour Plan
- An internal exclusion where a child will work in school but not in their own classroom
- Exclusion for a fixed period of time (1 to 5 days).

All behaviour incidents and reflections must be recorded on Bromcom by the Senior Leader involved.

<p>Behaviours not in line with our Core Values</p>	<ul style="list-style-type: none"> • Not on task, wasting time, distracting others, • Deliberate avoidance, not completing work, • Calling out, attention seeking behaviour, • Accidental damage to school or others property through carelessness, • Running indoors. • Telling lies, • Teasing others – using unkind words/comments, name calling, • Persistent play fighting/rough play, • Answering back, • Retaliation.
<p>High Levels of Behaviour</p>	<ul style="list-style-type: none"> • Stealing, • Continued refusal of adult’s reasonable request, • Inappropriate/ bad language. Any homophobic or racist language, • Deliberate graffiti or damage to school or another child’s property, • Deliberately hurting another child, • Serious acts of sustained violence towards children or adults eg. Kicking, fighting, hitting, • Dangerous behaviour due to not responding to an adult’s request, • Bringing dangerous items into school (vapes, knives, weapons, alcohol, drugs, stolen items, tobacco and cigarette papers, fireworks, pornographic images, any article that could be used to cause injury/offence/damage) • Racial or prejudice abuse, • Bullying including cyber bullying. <p>Criminal behaviour will be reported to the Police.</p>

Child on child abuse:

Where children’s behaviour falls below our expectations, whether on or off site or online that is either witnessed by staff or is reported to the school, we will collaborate with parents to resolve them, putting in place sanctions as appropriate. Negative interactions online can damage the school’s culture and can lead to school feeling like an unsafe place. Following any report of child-on-child sexual violence or sexual harassment offline or online, we will follow our Child Protection Policy and the information within Keeping Children Safe in Education addressing it through appropriate sanctions. All staff will challenge inappropriate language and behaviour between pupils. Mobile phones are not to be brought to school to reduce the likelihood of children abusing one another online, unless agreed with the Headteacher on medical grounds.

Removal from class:

To support children who are presenting challenging behaviours in the classroom children may be temporarily moved to work in a separate area of school. The aim is to ensure they understand the acceptable behaviours that are needed to learn successfully in school. They will be supported by the ELSA or a Senior Leader, who will help them practise strategies to ensure successful reintegration into their mainstream class. Children will be removed from class and will miss a playtime and a lunchtime with either their teacher or Senior Leader if they:

- Leave learning
- Throw or kick anything

- Hurt anyone
- Refuse an adult
- Swear
- Are inappropriate via an electronic device

Short term reduced timetables:

In exceptional circumstances, there may be a need for a temporary, fixed term, part time timetable to meet a pupil's individual needs. Parents will attend a meeting with a senior leader to discuss the reduced timetable and will be given a signed copy of the plan at the end of the meeting. Children will be provided with sufficient and appropriate work that they need to complete during the hours that they are not in school. Information regarding all pupils on a reduced timetable will be shared with Governors and the Local Authority.

The action plan will:

- Specify an end date that the child is expected to return to full time education,
- Will be reviewed weekly,
- Be signed by parents to register their consent and that they are taking responsibility for the pupil when they are not in school and will guarantee that they will be supervised when they off site,
- Be shared and understood by parents with clearly recorded objectives.

Suspension:

If a child has a fixed term suspension as a result of their behaviour, work will be provided (this maybe via an online portal) while the child is at home and parent and child must attend a reintegration meeting.

Reintegration following a fixed term suspension:

If a child has been suspended from school they will attend a reintegration meeting on their first day back with the Head/ senior teacher and parents. This meeting will be to reflect on the behaviour that led to the suspension, allow the child to understand how to repair the impact of their behaviour and promote a climate of success and expectation for when they return to class. Strategies for reintegration include:

- A fixed period transition plan building up a child's time back in school,
- A planned period of time in internal exclusion room,
- Improving behaviour chart,
- Actions for parents to put in place at home,
- Adult support in direct work and/or in the classroom.

In extreme cases the child may be permanently excluded, this sanction is used with the greatest reluctance. Fixed term suspensions and permanent exclusions will follow guidelines set by DFE. If children have persistent unacceptable behaviour an individual improving behaviour plan will be put into place. This will outline support given by class teacher, ELSA/SENDco, external agencies and will set targets for improved behaviour and the consequence of continued unacceptable behaviour.

Safe Touch and Positive Handling

Safe touch is used to calm, soothe and regulate a child's emotions and is a needed developmental experience. The brain does not develop pathways to initiate calming and self-soothing unless and until this safe emotional regulation has been experienced within a positive relationship with a significant adult. Where children have had insufficient experience of safe touch and calming regulation, this may be a priority to help their brains to develop.

Safe Touch may be used in the following ways:

- To calm and comfort a distressed or upset child,
- To help regulate emotions when a child is feeling angry or frustrated,
- To reassure and calm an anxious or worried child,
- To support a child with low self esteem
- ELSA intervention

Some strategies that may be deployed are:

- Holding hand, hug or reassuring touch if a child is upset or distressed,
- Use of hand massage, modelling deep breathing or a rub on the back for an anxious or angry child,
- Providing sensory support with sensory movements e.g. crab walking/pushing/pulling/bouncing activities/yoga.

If children are behaving in an unacceptable, threatening, dangerous, aggressive or out of control way, they have not yet learned how their strongest emotional reactions can be contained, channelled and communicated safely. This may cause some children to exhibit some behaviours that may be dangerous to themselves, others, school property or that they may be at risk of suspension. On these occasions, staff may have to physically intervene in order to keep the child or children at risk, safe using Positive Handling. Members of staff have the power to use positive handling in school but will do so in a reasonable and proportionate way. In such circumstances we will always inform parents and may then put in place a Positive Handling Plan for a particular child.

4. Monitoring of Behaviour Incidents

Logged behaviour incidents will be viewed daily and monitored on a weekly basis by the member of Senior Leadership Team. This will allow any persistent issues/ children to be identified. If a child is persistently making poor behaviour choices this may indicate a safeguarding issue or signal an unmet learning or developmental need, these children will be referred to the school inclusion and pastoral team. Termly feedback will be sought from all children about the existing climate within school and a termly report on incidents and exclusions will be shared with Governors.

5. Lunchtime behaviour

Lunchtime supervisors will follow the same behaviour policy as teaching staff. They will always role model good behaviour, be positive and praise children for good behaviour choices. Lunchtime supervisors will award Class Dojo points. When these are given to children, they will clearly explain why they are giving them to the child referencing the values.

Unacceptable behaviour at lunchtime

Lunchtime supervisors will use the 30 second script to support children to make good behaviour choices at lunchtimes. If the behaviour continues after time out or if it is felt it is not safe for the child to stay on the playground the child may be taken to reflection. This should be clearly explained to the child. If a child will not cooperate or their behaviour is dangerous then a Learning Mentor, ELSA or senior leader will be called to support.

Reporting to Teachers

Lunchtime supervisors are expected to deal with behaviour issues that occur at lunchtime but any rough, aggressive or unkind behaviour must be fed back to the teacher or learning support assistant at the end of lunchtime. All staff to use the pink slip, low level concern system to record the incident which is handed to the teacher. They then complete the behaviour log on Bromcom.

6. Allegations

Malicious Allegations against staff

Any allegation against staff will be fully investigated by the Headteacher and if the allegation is found to be malicious, consequences will be put in place that may lead to suspension or permanent exclusion.

Physical contact with pupils

On rare occasions, it may be necessary to use reasonable force to prevent pupils from hurting themselves or others, from damaging property, or from causing disorder. This may be to control a situation by standing between children who are going to fight or leading a child by the arm to remove them from a situation. Restraint may need to be used to prevent a pupil from attacking a member of staff or another pupil, or to restrain a pupil at risk of harming themselves through physical outbursts. Physical intervention should be avoided where possible and other strategies should always be used if possible. It is essential to never use any more force than is necessary and to try to ensure there is no physical injury to the child or staff member. Where staff act in good faith, and their actions are reasonable and proportionate, they will be supported. The decision on whether or not to physically intervene is down to the professional judgement of the staff member concerned and should always depend on the individual circumstances. Any incident involving physical intervention requires full details of what happened and the intervention used should be logged on Bromcom and reported to Head/ Senior teacher. When a child needs to be handled on a regular basis, a Positive Handling Plan will be created with parents to safe guard child and staff wellbeing. Some adults in school have had Team Teach de-escalation and restraint training.

7. Induction of staff

Leaders will ensure that all new staff are fully inducted into school, so that they fully understand our school culture, values and routines and know how best to support all pupils to participate in learning, ensuring that they create a calm, supportive climate within the area of school that they

work. All induction will be fully aligned to our relational behaviour policy and the Early Career Framework (ECF).

8. Role of leaders

All staff will act as role models at all times; demonstrating a consistent, predictable approach to children. They are highly visible throughout the school day, routinely engaging with children, parents and staff on setting and maintaining the behaviour culture and the environment where everyone feels safe and supported.

Step 1

I've noticed that you...

You are not showing our core value of... If you continue to do this you will be choosing to lose 5 minutes playtime.

Do you remember the fantastic... you did and how great you felt when you focused and worked hard? That is who I need to see today. Thank you for listening.

Step 2

I've noticed that you are continuing to...

You are not showing our core value of... You have chosen to miss 5 minutes playtime. If you continue to do this you will be choosing to...

Do you remember that you are amazing at... when you focus and try your best? That is who I need to see today. Thank you for listening.

Step 3

I've noticed that you are continuing to.....

You are not showing our core value of You have chosen...

Do you remember the fantastic you did yesterday and how great you felt when you focused and worked hard? That is who I need to see today. Thank you for listening.

30 Second Script for managing whole school behaviour.

Stop, Notice and Move on

'I'm on my way to get my class. You know the rule about walking with pride in the corridor and I am sure you will do this. Thank you for listening'.

'I need to work with _____. You know the rule about working with pride and I expect to see you doing that when I come back. Thank you for listening'.

Step 1: Internally recognise the child's feelings and empathise with them.

Also consider:

Are you the right person to speak to this child? Are you emotionally ready to speak to this child? Do you need help from another adult?

Step 2: Label and validate the feelings:

Label

You seem... to me

I can see that you are feeling...

I can tell that you are...

The way you are feeling is making you feel...

Validate

I am sorry that this has happened to you... you must feel...

I would feel... if that happened to me too.

It's ok to feel...

I understand why you feel...

If the child is struggling to calm down at this point keep repeating the above whilst completing some soothing activities e.g. singing, colouring, scribbling, jumping, running, mindfulness, carrying heavy objects.

Step 3: Only when the child has calmed down... Set Limits and problem solve:

Set Limits

It's not ok to behave like that...

In school, one of our rules that we have to follow is...

Doing that, is not ok...

Behaving like that is not helpful/safe/acceptable...

Problem Solve

What made you feel like that?

Have you ever felt that way before?

Let's think of what you could have ...done instead...

I can help you think of a different way to cope...

Try and do this next time you feel like this...

Let's decide what you can do next time you feel like this...
